SUMMER DAY ACADEMY

June 3-6 | Boys & Girls Ages 5-18

The Summer Day Academy is a week long program designed for the player wanting development of fundamental soccer skills. The staff creates an environment that promotes soccer confidence, enjoyment, and good sportsmanship. One of the highlight experiences of this camp is the famed "World Cup," where players dress and compete as a country against the world.

ELITE RESIDENTIAL ACADEMY

July 20-23 | Boys & Girls Ages 11-18

The Elite Academy is for the serious soccer players. This intensive 4-day camp brings some of the best talent from all across the nation and even internationally to Tallahassee all looking for the edge to get to the next level. The mission of this academy is simple: provide every player with an unforgettable soccer experience that takes them to a new playing level. To help accomplish this Mark Krikorian brings in a combination of elite college and club coaches with current and former collegiate players. The primary focus will be on technical application, as technique is the foundation of all success. Campers will be introduced to the tactical side of the game and be afforded a firsthand glimpse into the "beautiful game" that is Seminole Soccer.

TEAM RESIDENTIAL ACADEMY

July 24-27 | Girls Ages 12-18

The most unique team camp in the country has a singular focus...the team. What makes the Team Academy unique is the use of the team's coaching staff input along with cutting edge video technology to create a powerful learning environment. Players will gain a better understanding of the roles and responsibilities within the structure of the team. The use of video analysis of the actual team in action gives exact visual feedback and allows the FSU staff to design training sessions to meet the unique needs of the team. Other benefits of the Team Academy are: specialized daily Goalkeeper training, MCL/ACL injury prevention, nutrition for the elite athlete, and guidance in the recruiting process.

MIKE BRISTOL GOALKEEPER ACADEMY

July 20-23 | Boys & Girls Ages 11-18

The Mike Bristol Goalkeeper Academy runs sessions at all Mark Krikorian Soccer Academies. You'll get the chance to learn from FSU Assistant Coach Mike Bristol's expertise; the same tutelage that helped develop 6 U.S. Youth National Team Goalkeepers. An emphasis is placed on creating a challenging and complete training environment. To achieve this, the keepers will train technical topics as a group and then be incorporated into the field player academy sessions to gain valuable tactical experience. This allows for the goalkeeper coaches to give both technical and tactical 1 on 1 feedback to each keeper.
